The Republican papers are doing everything in their power to discredit the nomination of Judge Parker. They see their finish. That's why.

Says a giver of advice: "Keep a stiff upper-lip; no man is interested in your tronble." What? Show your money to a lawyer and he'll line up with you to the last ditch.

This question appears in an item in the Savannah *News*: "How long does a dream last?" Col. Bryan's has lasted over since 1896, and the end of it will be July 6th at St. Louis—maybe.

If the Republican national platform which Senator Lodge is writing causes Loosevelt's heels to fly up, the President will sigh: "O, for a Lodge in some vast wilderness where man's feet never trod."

It is said that there is a demand for shirtwaists even by the women of the Fiji Islands. Huh, they are putting on airs of late. The time was when a postage stamp sticking in the middle of the forehead was considered full evening dress.

When we come to think of it Gorman, Hearst, Olney and Wall have not spoken out on what they consider issues in the campaign. The country is pretty well informed as to Senator Gorman's politics, but the same can be said of Parker, the silent.

The water wagons of the Columbia *Record* and the Columbia *State* seem to be going in the opposite direction. They both refuse to take water on their respective positions as to what kind of water is fit to drink. According to our Waterbury watch, editors are wasting time to be dipping in till they get waterlogged.

We have been asked to join in the war against the cigarette. We refuse to regard the measly cigarette as a belligerent. Whenever it quits going up against boys, yellowing their lungs, dwindling up their spinal columns, making them sap headed, and causing them to part their hair in the middle, we may stamp it in the mud if the boys are not men enough to do it themselves. Work on the boys and let them fight the cigarette.

— "Springer's court" has a terror for evil doers, but it can hardly be attributed to that fact that while Chief Furlong was out with a warrant to serve on a man yesterday, he got word that the man had just dropped dead down the street a little ways. Queer coincidence, but is a true one nevertheless.

NEW HANOVER SCHOOL AFFAIRS.

Fall Terms Will Begin in September Instead of October—Meeting.

At the regular monthly meeting of the County Board of Education at the Court House last night, it was decided to adopt the recommendation recently made by the district committeemen at their mass meeting here and hereafter the rural schools will begin their seven-months term on the first Monday in September instead of the first Monday in October as before. The change is made in deference to residents of the country who find that the children will not be required at home so much in September as they might be later.

All members of the Board were present at the meeting last night, viz: Mr. W. H. Sprunt, chairman; Capt. Donald MacRae, Mr. George Rountree and Superintendent Catlett. In view of a six-week's absence of Mr. Sprunt during the Summer, Mr. Rountree was elected acting chairman of the Board.

STATE B. & L. LEAGUE

Annual Meeting of the State Organization at Wrightsville Beach This Week.

SESSIONS BEGIN TO-MORROW.

An Address by Mr. D. A. Tompkins and Others—Reports of Officers and Special Committees--Address of Welcome by Mr. Meares.

While not necessarily requiring the attendance of the largest number of members or delegates, perhaps the most important annual meeting of a State organization at Wrightsville Beach during the present season will be the first yearly convention of the North Carolina Building and Loan League, which will assemble at the Seashore Hotel to-morrow evening. The League was organized at Wrightsville last year and has grown considerably in numbers and usefulness since that time. The officers of the organization are:

President—S. Wittkowsky, of Charlotte, N. C.

Vice President—T. A. Marshall, of Wadesboro.

Secretary and Treasurer — E. L. Keesler, Charlotte.

Executive Committee—S. Wittkowsky, A. G. Brenizer, E. L. Keesler, of Charlotte; T. A. Marshall, of Wadesboro; G. A. Follin, Winston; C. T. Rawls, Asheville, and Wm. E. Worth, of Wilmington.

The meeting will be called to order by President Wittkowsky and Mr. J. Iredell Meares, of Wilmington, will deliver the address of welcome. The response will be by Mr. Grand, of Asheville. The annual address of the president will then be heard, after which there will be appointment of special committees, as suggested by the president. The opening session will close with the annual report of Secretary and Treasurer Keesler.

Thursday morning the feature of the session will be an address by Mr. D. A. Tompkins, of Charlotte, who is so well known in the industrial South. Mr. Tompkins will speak on "The Desirability of a State League." Following the address there will be a general discussion of building and loan matters. At the afternoon session of the same day Mr. W. M. Cumming, of the Mechanic's Home Association, of Wilmington, will deliver an address. Report of special committees will be heard and general business transacted. At 8 o'clock there will be addresses by Jno. H. Gore, Jr., Esq., of Wilmington; T. A. Marshall, Wadesboro, and P. B. Davis, Rocky Mount.

The final session of the League will be held at 10 A. M. Friday. The election of officers will take place at that session and general business will be transacted. A complimentary trip down the river will be one of the social features of the meeting.

CRUSADE AGAINST SUNDAY SELLING.

City Authorities Begin Movement to Stamp Out Illicit Liquor Traffic.

In the Mayor's court yesterday Dan Smith, a colored deck hand on the steamer "Wilmington" was found guilty of selling whiskey without license and fined $50 and costs. E. K. Bryan, Esq., counsel for the defendant, appealed from the decision of the Mayor and a $200 justified bond was required and given. A special officer employed to ferret out the illegal sale of liquor on Sunday testified that he bought a pint of "fire water" from Smith at foot of Market street.

Three other arrests were made by the police last night upon charges of selling without license and selling on Sunday. Upon the latter charge the defendant is J. E. Ennett, a regular licensed dealer. The other defendants are Ed Connor and Son Jones, colored. The evidence in all the cases is understood to have been collected by special officers detailed to do that work. From the number of arrests already made and others which are expected to follow, it is fair to assume that the city authorities have inaugurated a crusade against illicit liquor traffic in all its forms. The defendants arrested last night will be given trial before the Mayor at noon to-day. They are charged only with violation of the city ordinance, the maximum penalty for which is $50 fine.

News of the Excursions.

Gough's two-day excursion from Monroe and Waxhaw reached the city yesterday at 1:35 P. M. and will return at 6.30 this evening. Owing to the cool weather only about three hundred people came on the trip. They are spending their time at Wrightsville and Carolina beaches and in the city. —Next Tuesday Mr. Gough will bring a big Sunday school excursion from Lumberton and a little later a big excursion from the mountains. The Pritchard Memorial Sunday school party from Charlotte will be here on the 23rd.

Masons of High Degree.

The Grand Chapter, R. A. M., the Grand Commandery, Knights Templar, and Grand Council, Royal and Select Masters, which held their annual meetings last year in Wilmington, will assemble this week for their yearly sessions in Raleigh. Wilmington, as usual, will be well represented. The delegation from here left last night. Among those in the party were Mr. H. G. Smallbones, Grand High Priest; Mr. J. C. Munds, Grand Secretary; Mr. M. S. Willard, Grand Treasurer, and Mr. U. M. Robinson, Grand Master of the First Veil.

I. O. O. F. MEMORIAL SERVICE.

Annual Sermon by Rev. A. McCullen at Fifth Street M. E. Church Sunday Evening—Musical Features.

The annual joint memorial service of the Odd Fellows of the city at Fifth Street M. E. church Sunday evening was the most appropriate and impressive held in Wilmington in several years. The four lodges of the city assembled at their respective halls at 7 o'clock and proceeded in a body to the church, occupying the middle tier of seats to the number of about 300. The sermon by the pastor, the Rev. A. McCullen, himself an enthusiastic Odd Fellow, is spoken of as one of the finest heard in a long time. His theme was brotherly love and the subject was developed in a masterly discourse of little more than half an hour.

The Odd Fellows of Wilmington lost during the past year seven members, and it was in honor of the memory of those that the service was held. The deaths were Charles Schulken, Gus Dicksey and Capt. Kernan, of Cape Fear lodge; Capt. James M. McGowan and Henry B. Taylor, of Wilmington lodge; J. M. C. Fisher, of Orion lodge, and Dr. R. E. Zachery, of Hanover lodge. The musical features of the memorial were beautiful, having been rendered by the regular choir. The service opened with an instrumental number by Miss Mamie McGirt, the organist. The voluntary was a solo and chorus, "Loved Ones are Waiting," the solo having been by Miss Kate Sholar and the chorus by the entire choir. The offertory was "He Leadeth Thee," by the Fifth Street Male Quartette, composed of Messrs. Wilbur R. and Albert L. Dozier, tenors; Messrs. Willie McGirt and Willie Muse, bassos. After the sermon, "Onward and Upward," was rendered with pleasing effect by the same quartette, after which followed the doxology and benediction.

FIRE AND POLICE FROLICS.

Laddies Had a "Night Off" Last Night and "Blue Coats" Go To-morrow.

A large number of firemen and their friends had a jolly outing at the Casino, Wrightsville Beach, last night, the fire laddies having been given the trip as a compliment from the C. R., L. & P. Co. The police found it inconvenient to accept the generous offer of the company as a large proportion of them are on duty at night and they will bend all their energies toward making a success of their annual excursion to Carolina Beach to-morrow. An attractive programme of sports has been arranged, including pistol matches and foot racing and all are looking forward to a "great big day" of it. The Aldermen have been sent invitations and complimentary tickets to the fete and it is hoped many of them will attend. There is one thing the public may depend upon—good order. The policemen would be grateful for any additional donation of prizes that may be donated.

MARKET AND SHIPPING NEWS.

Four Schooners from New York With Cargoes—Steam Yacht in Port.

Spirits turpentine was firm at 52c. bid on the local market yesterday.

A fleet of four schooners from New York arrived Sunday and yesterday with cargoes for Wilmington dealers, viz: "Geo. E. Dudley," with coal for J. A. Springer & Co.; "C. C. Lister," with cargo of salt; "Eliza A. Scribner," with cargo of salt, and "Robert McClintock," with cargo of cement for the Carolina Central warehouses.

The steam yacht "Trionyx," of New York, owned by Mr. Charles McLaughlin, is in port for coal and waiting for the weather to settle before continuing her passage from Florida waters North. The "Trionyx" is 40 tons net register, and measures 90 feet over all. She has a speed capacity of 12 miles an hour. Her crew numbers six. Capt. Mickler is in charge.

Negro Porter Fell Dead.

Wm. Guion, a well known colored man and at one time a member of the police force prior to the revolution in '98, fell dead at 12:45 o'clock yesterday in the rear of the store and saloon of Mr. T. J. Gore, Water and Dock streets, where he was employed as a porter. Death was instantaneous. Dr. C. T. Harper and Dr. W. J. H. Bellamy, who came in response to 'phone messages, said that the negro died of heart disease. Guion was 35 years of age and was a negro of above the average intelligence. Last week he was a witness for the defendant in the case of L. D. Royster, of New Hanover county, in the Federal Court.

Family Excursion To-day.

Hanover Lodge of Odd Fellows will run its annual family excursion to Carolina Beach to-day. The steamer will make four trips. The Delgado Band will play in the afternoon and at night. A day of great pleasure is in store for all who go. All Odd Fellows are invited. Go and take the children. The committee in charge is composed of Messrs. Jno. E. Wood, A. J. Hewlett, C. F. Williams, J. A. Jordan and E. S. Hancock. Last train leaves the beach at 10:30 P. M.

Seaboard Officials Here.

A party of well known Seaboard Air Line officials spent yesterday in the city on a regular official visit. Mr. Chas. R. Capps, general freight agent, and Mr. V. C. Tompkins, travelling freight agent, arrived in private car No. 1 and Mr. C. H. Gattis, city ticket agent at Raleigh, and Mr. W. A. Gore, trainmaster of this division, arrived on the regular train.

STATE ENCAMPMENT.

Committee from National Guard Inspected Site Offered at Wrightsville Sound.

NO DECISION REACHED YET.

The Visitors Shown Every Courtesy by Local Military—Entertained at the Seashore Hotel—Left Sunday Night for Raleigh—Notes.

Whether Wrightsville is to get the encampment of the Second and Third regiments of the North Carolina National Guard August 9th to 19th, depends upon the report and action thereon of the special committee sent out by the Military Advisory Board to examine sites and advantages offered by Morehead City and Wilmington. The committee, as previously announced, is composed of Brigadier J. F. Armfield, of Statesville; Col. H. C. Bragaw, of Washington, and Col. J. N. Craig, of Reidsville, the first named commanding the entire brigade of the National Guard and the two last named commanding the Second and Third regiments, respectively.

The committee on Saturday visited Morehead and arrived in Wilmington Sunday morning. The members of the Board were met at the station by local staff and regimental officers and were taken straight through to the beach in a special car provided by the Consolidated Company. They were entertained at the Seashore Hotel and after dinner, as the business was urgent, they went over to the sound to look at the site. It is proposed to have the men camp on the Poisson or Wright tracts and to use the Seaside Park property adjoining for drill and parade grounds. The advantages of the site were pointed out to the visitors by the local military and it is believed that a favorable impression was made, though the officers were, of course, non-committal and said they thought it proper to give no expression to their views until their official report goes to the military authorities in Raleigh. Wilmington realizes that it has a strong proposition to "go up against" in the fact that Morehead City is situated on a State railroad with a hotel owned by the State at the resort, but the local military leaders have by no means given up the fight. Everything considered, they believe they offer the best site and can bring the men to Wrightsville at a great saving in railroad transportation. They cannot believe that the authorities in Raleigh will shut their eyes to the transportation and other advantages that are offered here. A decision in the matter is expected to be forthcoming at once.

A long distance telephone message from Raleigh this morning states that the committee of investigation did not make report yesterday and no decision as to the location has yet been arrived at.

ENGINE MASHED FOOT OFF.

Young Negro Met With Serious Accident on A. C. L. Yards Yesterday Evening.

Attempting to dodge a shifting engine on the track and apparently paying no heed to the warnings from a passenger engine on a parallel track and going to the coal chute in an opposite direction, William Stedman, colored, 20 years of age, stepped in front of the latter on the A. C. L. yards, near Worth's ice factory, at 6:45 o'clock yesterday evening and his right foot was so badly mangled that it had to be amputated as soon as he could be carried to the James Walker Memorial Hospital in the ambulance, which responded to a hurry call from Dr. D. W. Bulluck, an A. C. L. surgeon, who was first to reach him. Stedman was not employed by the company and no one else in particular. He was loitering about the ice factory and started across the tracks, presumably to the railroad passenger shed. He is a native of Southport, but had been doing odd jobs about Wilmington for some time. He will probably recover from his injuries. He saw the impending accident in time to throw himself off the track, but in doing so he fell and the engine caught the foot which was so badly mangled.

Injured in a Runaway.

Prof. Geo. A. Woodard, principal of the Gregory Institute, Mr. C. Farrand and his daughter, Miss Theo. Farrand, of Rockingham, who had just arrived on an excursion to become Prof. Woodard's guests, were thrown from a buggy by a runaway horse at Fifth and Church streets yesterday about one o'clock and all were severely though not seriously hurt. Prof. Woodard had driven the buggy to the depot to meet his guests and was returning with them to his home No. 406 South Fifth street. At Fifth and Market streets, the buggy ran down a steep incline and the axle struck the animal's legs. He dashed up the street, overturning the vehicle at Fifth and Church. Mr. Farrand and daughter were more or less bruised and Prof. Woodard was cut in several places about the head. None of them, however, will be laid up on account of the accident.

Take the children to the Casino—25 cents round trip on trolley line for children under twelve years.—No charge for children under 5 years.

Go to Raleigh on Gough's Rapid Flyer, June 20th. If you don't want to come back on the excursion your ticket can be made good on regular train. See large hand bills or consult Seaboard agents

ERRONEOUS REPORTS OF DROWNING.

Small Boats With Fishing Parties Encountered Rough Weather Down River.

Considerable anxiety was felt and not a few reports of drowning were extant yesterday on account of the failure to return of two parties of young men who left in small boats for the "Rocks" on Saturday and, who were caught in the gale which swept over this section Saturday night. In a gasolene launch were Messrs. James M. Hall, E. P. Dudley and Willie Montgomery, while in a sail boat were Messrs. A. A. Hergenrother, J. M. Murphy and Charlie Hill. There were several reports that one or another of the boats had been capsized and several of the occupants drowned. As a matter of fact, the boys encountered some pretty rough weather and went ashore, but no one was drowned. They all reported yesterday afternoon, a little tired but none the worse for their experience.

THE GUBERNATORIAL RACE.

Friends of Leading Candidates Give Out Estimates—National Guard Notes.

[*Special Star Telegram.*]

RALEIGH, N. C., June 13.—The Adjutant General of the National Guard to-day issued a commission to Capt. Alex. P. Adrian, of Wilmington, as inspector of small arms of the Second Regiment.

The Warren Guards, of Warrenton, recently disbanded on account of failing to pass the annual inspection, has been reinstated and designated as Company H, Third Regiment.

The Corporation Commission issues a call for a report of the condition of all State, private and savings banks at the close of business on June 9th.

Not a little interest prevails here now over the claims of the friends of the several candidates for gubernatorial honors. Hon. John C. Drewry, one of the most astute politicians in the State, to-night gives out an estimate of the strength developed thus far in 85 counties which have been heard from. His estimate of the strength of each is as follows:

Stedman	465
Glenn	452
Turner	119
Davidson	109
Total	1,145

There is a total of 1,243 votes in the State Convention. Mr. George Peil, a manager for Capt Glenn gives out from Winston to night the relative strength of the two leading candidates, based upon reports from 82 counties as follows: Glenn, 523; Stedman, 387.

WILLIAM H BERNARD.

WILMINGTON, N. C.

TUESDAY MORNING, JUNE 14.

OVERRIDING MEN'S RIGHTS IN COLORADO.

It is enough for Governor Peabody to maintain order in Colorado, hang every assassin if necessary, and fill the penitentiary and jails with the miners who have committed crimes or aided and abetted in the crimes during the strikes in his State. When, however, he deports union labor because it is such, he strikes a blow at the constitutional rights of men. Until every man is tried and convicted, until every miner has had his day in court as guaranteed under the constitution and laws of the land, he is entitled to the Governor's protection.

The union miners who have been driven from Colorado under the Governor's orders have appealed to President Roosevelt for an investigation and they are entitled to whatever relief is in his power to assure them their rights under the constitution of the Republic. Because some of the members of a labor organization in Colorado proved themselves to be assassins and anarchists, all union labor men should not be placed under the ban. The miners' union repudiated the dynamite horror and offered $5,000 for the perpetrators of the deed, and it is inconceivable that any labor organization should approve the horrible crimes that have been committed in the name of union labor in Colorado. In the excitement and outraged public sentiment brought about by the scenes of riot and murder in Colorado, the rights of some men may have been trampled under foot. If so, they are entitled to vindication.

Governor Peabody had no right to deport men of any sort, much less criminals. If the men he loaded in trains and dumped down on the alkali deserts on the Kansas border were criminals, he should have sent them to the penitentiary where they belonged, instead of passing them on to another State. When told that the deported miners would not be allowed to enter Kansas, and rather than starve would return to the mining regions, Gov. Peabody said: "God help the miners who are sent back by the Kansas authorities!" These miners had been expelled on pain of death if they returned, and that is what the Governor meant in his explanation when asked what steps he would take under such a contingency.

Governor Peabody said furthermore:

"Kansas cannot prevent people from entering her borders, but if she finds they do not make good citizens she can pass them on as Colorado has done. She has the right to throw them out."

We would like to know when any State in the United States became so Russianized as to have the power to banish any man or deport a criminal to a sister State? The fact is Governor Peabody has no such right but Kansas would have a right to arrest his criminals and hold them subject to his requisition.

While we execrate the Colorado horror, let us not forget that constitutional liberty should not and shall not be overridden by any Governor or State. The precedent may prove dangerous, but maybe we are coming to the times when men can be jerked up and driven out without a trial in the courts which have been established to pass on their guilt or innocence.

We do not believe in giving cutthroats, murderers, assassins or anarchists any quarter, but do believe every man has a right to be given a chance to prove his innocence.

FOR PARKER IF IT CAN'T BE HELPED.

Says the Winston *Sentinel*:

Virginia endorses without instruc- Why halt half way?

Our esteemed contemporary is mistaken in saying that the Virginia State convention endorsed Judge Parker. It refused to endorse or instruct, so the late dispatches state.

The strong Virginia papers, however, declare that the delegation is for Parker. They will find, however, that Senator Daniel has a Gorman string attached to the delegation, if he wants to pull it that way. A Democratic State convention that refuses to either endorse or instruct might be for Parker if it can't help itself after getting on the ground at St. Louis.

If North Carolina is for Parker let her say so. If the delegation wants to go to St. Louis in somebody's vest pocket, let the State convention follow the Virginia pace. Let us not deceive ourselves.

The pivotal States have asked the Democracy for Parker. The customary mistake-making crowd is headed in the same direction in which it goes nine times out of ten.

Here is the situation as to the action of the Democratic State conventions, as to instructions for Judge Parker:

Alaska	6
Connecticut	14
Georgia	26
Indiana	30
New York	78
Tennessee	24
Total	178

The total instructed vote so far is as follows:

For Parker	178
For Hearst	122
For Gorman	36
For Olney	33
For Wall	26
Not committed	290

The total number of delegates to sit in the convention is 996 and of that number 685 have been chosen. While the anti-Hearst-Bryan sentiment will control two-thirds of the National convention, Judge Parker's only hope is to carry the uninstructed delegations which are said to be for him. This would give him 468 votes out of the 665. It will require 664 votes to nominate, so if Judge Parker gets all the uninstructed delagations up to now, he would still be short of the nomination.

However, there is little use of counting the uninstructed delegations for Parker, for they are unknown quantities, as we have heretofore remarked. If Judge Parker gets all of the 311 delegates yet to be elected he would still be short of a nomination, and that he will get them nobody expects. We, however, hope to see enough instructed to cause the uninstructed delegates to go over to Parker and make his nomination sure. This is why we desire to see the North Carolina delegation instructed. We believe Judge Parker will be nominated, but at this stage of the game it cannot be counted upon.

CURRENT COMMENT.

—— A London paper has received private information, which it considers reliable, that Roosevelt wants to be president until 1912. My, but he's modest in his desires. The people will wonder what would be left of the country after eight years more of Roosevelt. But they will take no chances.—Buffalo, N. Y., Courier.

——If the Canadian tariff should be made more protective it will be chiefly against the United States, and will be accompanied by preferential treatment of Great Britain, and this policy will be entirely due to our extreme high protection and the refusal to modify it in behalf of trade with our nearest neighbor. It will be in effect a justifiable retaliation.—New York Journal of Commerce.

—— In a word Murphy and McClellan have made Democracy respectable in New York county. As wise Tammany children they have been taught by hard knocks the unreal value of the support of Tammany, as an organization, by the disorderly elements of the city. Friend and foe, for the sake of the denizens of the second city of the earth, will hope that the lesson will never be unlearned.—N. Y. Sun.

—— *Out of the 685 delegates so far chosen, only 178*—little more than one-fourth—have been instructed for Parker, and with very few of these, we fancy, will the obligation hold should it appear that another arrangement would be better for the party. Indeed, it has seemed to us from the first that the Democratic leaders—for this once, at least—are determined to subordinate every consideration to that of Democratic success.—Washington Post.

— Winston-Saem Sentinel: The leaf tobacco sales on the Winston-Salem market from June 1st to the 11th are reported by Secretary Z. T. Bynum, of the Tobbaco Association, to have been 893,067 pounds. This shows that the farmers are still bringing it in at a lively rate. The sales are unusually large for this time of the year. The total quantity of leaf sold here up to date for the year beginning October 1st, 1903, lacks about one hundred thousand pounds of reaching twenty million pounds. For the entire twelve months there will probably be in excess of twenty-two million pounds sold in this city.

JOINTS PAIN YOU THIS MORNING?
First sign of RHEUMATISM. Dangerous to let it run. Easy to cure now. A single bottle of
Rheumacide
Will probably do the work. Bad cases require more. RHEUMACIDE cures by getting rid of the cause, so that no trace of the disease lingers in the system. It purifies the blood, relieves the inflammation of the kidneys, the chronic constipation and the catarrh that follows such a condition of the system.
Though Mrs. Mary E. Welborn, of High Point, N. C., is 80 years old and had suffered from rheumatism for 20 years, she was completely cured by RHEUMACIDE, and declares she feels "years younger" and is anxious for "all who are suffering from any of the forms of this dread disease" to try RHEUMACIDE and be cured.

THE CHRISTMAS TREE.

How It May Be Prettily Trimmed at Small Expense.

Your tree selected, you can trim it for as much or as little money as you please. If your tree is very tall it will be well to trim the upper branches before placing it in a perpendicular position lest they be too high to be easily reached. First of all you want some attractive and appropriate ornament for the summit or "tip top" point of your tree, says the St. Louis Post-Dispatch. If you desire to trim it at very little cost a small figure of Santa Claus may be bought for 10 cents or you may substitute for that patron saint of Christmas a cardboard figure of a boy or girl in winter garb or one of an angel with a trumpet blowing out Christmas tidings.

A surprising quantity of pink and white popped corn can be bought for a few cents, and if strung upon strings and festooned on the upper branches it will look very pretty, as will also cranberries similarly used. Snowballs of white cotton festooned to the ends of the boughs and small pieces of the same scattered all over the tree give a very pretty snow effect.

A yard of tarlatan costs 10 cents, and little stockings cut from it sewed with gayly colored yarn and filled with candies are a great addition. Colored candles, 6 cents a dozen, and tin holders for them at 3 look very pretty. In this way a tree may be attractively trimmed at from $1 to $2.

Sprays of red berried holly tied here and there on the tree tend to brighten it. The box that holds the tree may be covered with thick moss, bits of broken mirror being interspersed to represent water. A box of tin soldiers, a Noah's ark or a wooden village, a gift for one of the children, might find its first use in populating this miniature landscape at the foot of the tree.

If you want an expensive tree nothing is prettier in the way of ornament than the colored balls of the shops. Hang these numerously from every branch and have festoons of smaller ones from branch to branch all around the tree from top to bottom.

Use plenty of the tinsels representing frost and icicles and the little balls like frozen bubbles from a liquid rainbow. Then the shops have a close imitation of festoons of snow, which you can attach to every twig, branch, bow and needle. This snow is made of fine tissue paper and comes packed in boxes. Gilt stars, sold at any stationer's, should be used in abundance, as should also cardboard, china and candy angels, cherubs and children. A tree thus trimmed costs from $10 to $25.

How to Make Candy Bags.

The prettiest candy bags for Christmas are made of tarlatan in shades of red, blue, pink and green. These are cut square, oblong, stocking shaped or circular, are embroidered in tinsel and have a drawing string of baby ribbon or colored worsted. Pretty bags are made by sewing silk American flags together and shirring about an inch from the top with red satin ribbon. Paper muslin bags, shaped to simulate pointed caps, turned upside down and filled with candy, are popular with young folks.

MUST BELIEVE IT.

When well-known Wilmington people tell it so plainly.

When public endorsement is made by a representative citizen of Wilmington the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

B. R. King the well-known policemen residing at 706 Wooster street says: "I had terrible pain in my back which worked around to my side and in my stomach so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment and none of them helped me at all. Seeing Doan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation, cleanses and cures. Cream Balm quickly cures the cold.

NAVAL STORES MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 13.—The cotton market was weak at a decline of sixteen to twenty-four points in response to lower English cables and the generally favorable average of weather news over Sunday. The declines attracted a continuation of the covering noted toward the close of last week, however, and after a further loss of two or three points on the active months, the list rallied violently, recovering most of the early loss. But demand slackened at the advance, it looked as though most of the weaker shorts had covered, and with private crop advices continuing favorable the market soon lost its firmness, to work downward under liquidation of New Orleans, the continued weakness of Liverpool where prices did not respond to the rally, and talk of renewed bear pressure from Wall street. As the list declined trading became somewhat less active. At a steady decline of twenty-eight to fifty-one points, August leading the decline, transactions were estimated at 400,000 bales. It was reported that two bales had been brought into sight at Brownwood, Texas, to be shipped to St. Louis, and another to Galveston. This is much earlier than usual, but the trade seems to take it that the cotton in question has been the result of an extra effort in that direction, and that the actual crop is rather behind than ahead of the average. Selling was encouraged by expectations that the weekly crop report to-morrow would make a favorable showing barring possible illusions to the recent complaints of overflows in the Southwest and by bearish advices received from private sources concerning the slackness of spot demand in the Southern markets.

NEW YORK, June 13.—Cotton was quoted quiet at 12.40c, net receipts 184 bales; gross receipts 2,720 bales; stock 63,659 bales.

SPIRITS TURPENTINE.

— Work has been commenced on Durham's government building, at Main and Corcoran streets.

— Durham Sun: With a candidate for governor, a State convention and a prohibition election, Greensboro should have her hands fairly full.

— The Charlotte Observer is authority for the statement that the valuation of real estate in that city has been increased 150 per cent. in five years. There is a steady building movement in the city.

— Work on the handsome new bank building at Lumberton is being rapidly pushed. Bricks of gray pressed brick, with brown stone trimmings, and would be an ornament to any town in North Carolina. It is owned by Sheriff McLeod.

— Winston-Salem Sentinel: The cause of union labor everywhere suffers whenever a strike, such as has been in progress in the Cripple Creek, Colorado, district, leads to murderous lawlessness. The extreme course taken by the State authorities in expelling all union men from that part of the country appears to have been the only way to restore peace and insure the safety of lives and property.

— Raleigh Post: The convention of Wake Democrats yesterday did its work of choosing delegates to the State convention and adjourned sine die without saying a living, solitary word about the freedom of the press. How they happened to give us the cold shoulder that way is a mystery, because it was a body of the best men in the county, true blue Democrats and the identical men who always lead in winning Democratic victories in this county.

— Durham Sun: The movement to make Judge Parker the Democratic Presidential nominee started with the Democratic masses—not with the politicians. His boom has grown in strength and vigor, because the masses of Democratic voters want him. This demand is irrepressible. Nearly all the leading politicians opposed him until they heard from the people. The voice of the masses is so strong for him that politicians are flocking to his standard.

— Charlotte Observer: The Buncombe Democratic convention of Saturday appears to have been quite a strenuous affair. In fact, the account of it reads a good deal like that of many Southern Republican conventions, and all on account of the legislative ticket. Such things do not tend to allay whatever apprehension there may exist regarding the safety of the Democratic candidate for Congress in the Tenth district. However, they did all agree on a candidate for Governor, and the trouble may blow over.

— Raleigh Post: Mr. John Skelton Williams has been interviewed and says the South is not bothered about the business situation. He points with pride to the large earnings of the Seaboard Air Line, the large cotton acreage, and argues that a large cotton crop will be harvested and sold at prices that will bring into the South more money than has ever been realized from any cotton crop. The people will rejoice at the prosperity of the Seaboard and hope that Mr. Williams is a good prophet as to the result of the growing cotton crop.

— The board of county commissioners of Cumberland made the following tax levy for Cumberland: County, 23 2-3 cents; bonds, 15 1-3 cents: State, 43 cents. Total, 82 cents. Polls, $2.00. The special tax for the graded schools of Cross Creek township (Fayetteville) is 25 cents on the $100 valuation of property, and 75 cents on polls; in Flea Hill public school district No. 6, 15 cents on the $100 and 45 cents on polls. The Sheriff was directed to collect the same tax as that levied by the State on dealers in futures. The board purchased from the Good Roads Machinery Company, of Charlotte, a steel champion machine for the public highways.

— Harnett County News: There is a general sentiment abroad in this county that there must be a clean sweep in the county offices. The people say that the present incumbents have had it long enough and that they must come down and out. Now, gentlemen, you all are mighty good men and with a few exceptions have made us good officers, but it will be good politics for you in the future to come out and thank the honest people that put you in and tell them you will stand by any man they name. It has been our pleasure to meet most of the thinking men of the county and every man says, "We favor a change." Many of the best Democrats of forty and fifty years say unless there is a change they will not vote the ticket, not because they are not good Democrats, but because they believe that our present officers ought to come out and support some other men, and let all have a chance.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Benterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience Mrs. S. H. Newsom, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the bottle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

TUESDAY MORNING, JUNE 14.

INDICTED FOR MURDER IN THE FIRST DEGREE.

Nan Patterson, the Actress, Charged With Killing Cæsar Young, in a Cab in New York—Father Stands by Her.

By Telegraph to the Morning Star.

NEW YORK June 13.—Mrs. Nan Patterson, the actress, who was with Caesar Young, the book-maker, in a cab on June 4th when he was shot and killed, was to-day indicted for murder in the first degree.

Mrs. Patterson was told in the coroner's court room that she had been indicted. For the first time since she recovered from the first shock of Young's death, she showed emotion, becoming hysterical. Her condition bordered on collapse and Coroner Jackson, who is a physician, was called to attend her. Stimulants were administered and she became calmer. Dr. Jackson said the young woman's heart had given way under the strain she is undergoing, but that the weakness was only temporary.

Mrs. Patterson was accompanied by her father and by a school girl friend, Miss McLaughlin. At the close of the hearing she was taken back to the Tombs.

J. Morgan Smith, Mrs. Patterson's brother-in-law, who is under subpœna as a witness, has not been found.

J. B. Patterson, of Washington, father of the prisoner, Miss McLaughlin and a man who declined to give his name, called on Mrs. Patterson at the Tombs to-day. At the end of the interview Mr. Patterson said he was surprised that the grand jury had indicted his daughter. He said, however, that this only strengthened his determination to stand by the prisoner and protect her with every means in his power.

The filing of the indictment obviated the hearing of much evidence at the coroner's inquest, which was held to day. Only a few witnesses were examined and the jury quickly returned a verdict that Young came to his death by a bullet wound.

Mrs. Patterson will be arraigned to plead before Judge Newburger in the court of general sessions to-morrow.

THE MOROCCAN SITUATION.

Kidnapped Men Held for Ransom Will be Released Wednesday--Nearly All the Terms of the Bandits Granted.

By Telegraph to the Morning Star.

WASHINGTON, June 13.—*If all goes well Perdicaris will be released next Wednesday.* It is estimated that it will require this length of time for the mission which has gone to his relief with the ransom demanded to reach the brigands' camp. M. Jusserand, the French ambassador was at the State Department and had a talk with Secretary Hay about the Moroccan situation. The ambassador has heard from his government that the Sultan will grant the brigand's terms, and indeed some of Raisuli's men who were in prison have already been released as an evidence of the good faith in which the terms are being met. It is possible that some of the released brigands may have been sent with the mission.

The French government has been active in conducting the negotiations for Perdicaris' release, and this government will express its appreciation of these efforts as soon as he is free. It is also expected that the American fleet at Tangier will not tarry long after Raisuli's prisoners return to Tangier.

TANGIER, June 13.—*The British minister here confirms the reports that nearly all of Raisuli's terms have been granted by the Sultan of Morocco,* whose reply has been forwarded to Raisuli. It is hoped this will satisfy the bandit chief and that the captives will be released immediately. The minister was very guarded in his statements and was unable to say more until the captives are liberated.

ANNUAL REUNION OF U. C. VETERANS.

Trains Arriving at Nashville Are Crowded With Visitors, Veterans and Delegates.

OPENS OFFICIALLY TO-DAY.

Reports to be Submitted on the Battle Abbey, the Treatment of Prisoners During the War and the Battle Flag Matter--Gen. S. D. Lee.

By Telegraph to the Morning Star.

NASHVILLE, TENN., June 13.—Nashville is crowded to-night with visitors, veterans and delegates to the fourteenth annual re-union of the United Confederate Veterans which opens officially to-morrow. All day long and far into the night trains were arriving at frequent intervals from all parts of the South, bringing the old warriors, their friends, families and sponsors, each eager to fill his part in the reunion, which has since 1890 been a source of much pleasure. There are delegations present from Missouri and and as far north as Montana. The Pat Cleburn division of the Texas veterans with headquarters at Waco, arrived during the afternoon, but the five other to-day's special trains were less fortunate, they having been delayed by a washout near Pine Bluff, their destination not being reached until late to-night.

The Battle Abbey committee met to-night at the Baptist publication house. The important matter taken up for consideration was the report of the committee on the Abbey. This will be submitted to the convention to morrow, for its action. The report of the committee shows that the treasurer has in hand nearly $106,000 in cash. In addition thereto, there is the gift of the city of Richmond, $50,000; subscriptions collectable $10,000; balance due from Charles Broadway Rouss $40,000. This latter amount is payable any time. This makes the total money available for the erection of the abbey, $206,000. The committee is trying to raise $300,000, but the work can begin any time now with the money in hand. The exact date for the inauguration of the work, however, has not been decided. The suit against J. W. Underwood, the report says, has not been settled, but is in the hands of competent counsel, who are bringing the matter to a satisfactory conclusion. The difference between Mr. Underwood and the Abbey trustees arises as to the amount due the Abbey committee from the amount collected by Mr. Underwood. Mr. Underwood was relieved as chairman two years ago, and was succeeded by Dr. J. William Jones, of Richmond.

The committee states that more funds will be raised as soon as possible to establish a complete library of American and especially Southern history, which will become a part of the Abbey. Numerous portraits and statues of Southern soldiers which have been presented from time to time by Southern women will find a resting place in the Abbey. Dr. Jones, superintendent of the Abbey, will make trips through the South as soon as the dates can be arranged to raise money to fill the amount required for the historic structure. He requests all camps of veterans, of sons and of daughters and memorial associations to make donations, both large and small, to aid the Abbey fund.

The historical committee of which the scholarly General Clement Evans of Georgia is chairman, will submit a report to the camp to-morrow, setting forth the congratulations of the committee to the South on the reforms made in the histories, in which the South is now much more fairly treated by authors than formerly. *This has been accomplished, the report says, only by persistent efforts on the part of the people of the South.*

This committee also will report on the battle-flag matter which has agitated the veterans for several years. The committee is of the opinion that the battle-flag is square with the cross lines from corner to corner. The contention of many has been that the flag was oblong instead of square.

The report of the committee on treatment of prisoners during the war, also made by the historical committee, will be presented. It shows that in all instances humane treatment was given Federal prisoners. A large amount of data on this subject has been collected and it is probable that the committee will continue its investigations another year, when a final report will be made.

General Stephen D. Lee, commander-in-chief of the veterans, to-day received a letter from General Joseph Wheeler, who is now at Sandy Hook, N. J., expressing his regret at not being able to attend the Nashville reunion. General Wheeler said he had hoped to lend his voice in an effort to urge special exertion by the veterans in hunting up war rosters and records to be printed as permanent archives.

The general says further:

"The record of the Confederate soldier for superb chivalry is without a parallel, and in years to come future generations will value beyond price this evidence that an ancestor was one of the knightly heroes who fought in the great battles of 1861 and 1865.

"After years of effort the law was enacted which secured the printing and preservation of these records, and the work can only be completed by the co-operation and efforts of Confederates who must search for and learn these precious documents.

"There is another matter, my dear general, which is very near my heart. Many of our comrades are disabled by wounds, or infirmities caused by explosions, and are no longer able to procure the comforts and in many cases the necessities of life, and during the next two or three years the wants of these old soldiers will be greater than they have been in former years, and from that time it will be constantly on the decrease. I wish, therefore, to urge every veteran to use his influence with the law making powers of his State to secure sufficient appropriation for this sacred purpose. The beneficiaries of such legislation will soon pass to the great beyond, and our opportunities to add to their comfort will then be gone."

The convention will be called to order at noon to-morrow in the Tabernacle, by General G. W. Gordon, of Memphis, as department commander, and after several welcoming speeches the acting commander-in-chief, Lieutenant General Stephen D. Lee, will deliver his address.

On Wednesday there will be another business session and on Thursday the veterans will have their parade.

It seems to be the general impression that General Lee will be elected unanimously to succeed Gen. Jno. B. Gordon. General Lee is in no sense a candidate, but his popularity with the rank and file of the veterans is unbounded, and his election seems a foregone conclusion.

For the first time since its organization the Sons of Veterans will meet with the veterans to-morrow. The sons will have all the privileges of the floor and a voice in the proceedings. The veterans hope by this close relation to perpetuate their organization and put the sons in a position to acquire the proper spirit. The sons will hold their regular convention during the day.

The friends of Louisville, Baltimore and New Orleans are already in the field for the next re-union. The movement for a permanent meeting place has its friends as well as opponents, and it is not thought that the matter will crystalize into action at this year's re-union. Anyway, Nashville is after it and will to-morrow ask the veterans to hold their annual meetings here. Texas wants New Orleans to have the re-union every other year, and the veterans, headed by General W. S. Cabell, commander of the trans-Mississippi department, who arrived to-night, will press a motion to this effect on the floor of the convention to-morrow. Texas favors New Orleans, but does not wish that city selected for a permanent meeting place to the exclusion of all others.

Mrs. John B. Gordon, of Atlanta, and Mrs. W. J. Behan, president of the Confederate Memorial Association, have been the recipients of many social attentions, as has Miss Cornie Tebault of New Orleans, the sponsor-in chief.

AT CRIPPLE CREEK, COL.

Practically All the Large Mines Are Working—A Number of Arrests Were Made Yesterday.

By Telegraph to the Morning Star.

CRIPPLE CREEK, COL., June 13.—Practically all the large mines in this district which closed down last Monday after the explosion at Independence are working to-day. The Portland mine has not yet been re-opened and the company has not announced its plans. This is the only large mine in the district in which union miners have been employed during the ten months since the beginning of the strike. It has been conducted on the "open shop" plan and nearly half the force of four hundred men laid off when Gen. Sherman M. Bell ordered the mines shut down were non-union miners. Gen. Bell declares that no members of the Western Federation of miners will be permitted to remain in the camp, and that the Portland Company consequently will be forced to fall in line with the policy of the other mine owners who organized to fight the miners' federation.

A number of arrests were made today, the most important being that of Frank J. Hangs, attorney for the Western Federation of Miners. The arrest was ordered by General Bell.

CHRISTIAN SCIENTISTS.

Greeting of Affection to Mrs. Mary Baker Eddy at Concord, N. H.

By Telegraph to the Morning Star.

CONCORD, N. H., June 10.—Christian Scientists who had come from the annual convention of the mother church in Boston to Concord to day, inspected the new First Church of Christ, Scientist, now building here through the gift of more than $120,000 by Mary Baker Eddy and gave Mrs. Eddy, their leader, a greeting of affection, as she took her daily drive through the streets.

The visiting Scientists were grouped on the green in front of the High School building and the Unitarian church, and as Mrs. Eddy's carriage approached the throng, E. P. Bates, of Boston, president of the mother church, addressed Mrs. Eddy in the name of the communicants of the faith throughout the world. Mrs. Eddy repl ed briefly and tendered to him a casket containing a love token for the mother church. The casket is of rosewood, bound with burnished brass, and is to be opened at the annual business session of the church in Boston to-morrow.

GEORGIA DESPERADO.

Man Wanted for Murder Surrounded by a Posse on Rock Mountain.

By Telegraph to the Morning Star.

ROME, GA., June 13.—Jack Bone, the slayer of Z. T. Hall, has been located in the fastness of Rock Mountain in the upper part of this county. He has provisions sufficient to last a week and is heavily armed and has a big supply of ammunition. Bone is said to be a half witted fellow and a desperate character. He has sworn never to be taken alive, and those who know him believe that it is no idle boast. A posse with Winchesters has surrounded the locality and is prepared for a siege. Bone is so situated as to prevent a surprise, and he could do deadly execution if any attempt should be made to rush his position, as Rock Mountain is a remote and isolated spot. News from there travels slowly.

DYNAMITE PLOT.

Attempt to Blow Up a Church Discovered at St Louis, Mo.

By Telegraph to the Morning Star.

ST. LOUIS, June 14.—It became known to-day that an attempt had recently been made to blow up the church of St. Anthony which is in charge of Franciscans. A stick of dynamite was discovered under the altar, attached to a fuse running to a candle. Inability of an attendant to light the candle to which the fuse was attached led to the discovery of the fuse and the dynamite. The fuse was so arranged that if the candle had burned for a certain time it would have ignited the fuse and caused an explosion which might have destroyed the building and caused a great loss of life.

RUSSIAN TROOPS CAUGHT IN A TRAP.

Japanese Made a Flank Movement on Forces Marching to Relief of Port Arthur.

THE RUSSIANS LOST 800 MEN.

Forced to Fall Back and Retreat—Continuous Skirmishing Along the Railway—No Advices from Port Arthur at St. Petersburg.

By Cable to the Morning Star

NEW CHWANG, Sunday, June 12, Midnight.—Information was received here at 10 o'clock to night through heretofore reliable channels that part of the Japanese force left at Pu-Lan-Tien to checkmate the Russians' southward movement to relieve Port Arthur was attacked southeast of Shungnmao yesterday. After slight fighting the Japanese made a false retreat, the Russians hotly following them, when the Japanese made a flank movement, catching the Russians in a trap. The Russian losses are placed at eight hundred men. They then fell back on Kai-Chou and began to retreat along the Baimatgu-Tsaichou road.

About 2,000 Russian infantry from Kai Chou passed New Chwang this morning accompanied by a large supply and hospital train. Several carts contained bandaged men. The troops appeared to be fagged out and showed every indication of a long forced march. The officers refused to furnish any information, but a non-commissioned officer told a correspondent of the Associated Press that all the troops were retreating from Tsacher. As he would say anything further he would be reprimanded by a captain. Stragglers are closely watched by non-commissioned officers to prevent them from talking.

A native messenger just in from the Russian camp, east of here, reports that there are many wounded men there.

ST. PETERSBURG, June 13.—No information reached the general staff to-night regarding the reported ambushing of Russians at Pu Lan Tien as the result of which they were alleged to have lost 800 men. The only thing of the least significance in this connection is the short dispatch received from Major General Kartevitch, which was sent on June 12, the day the battle is said to have occurred. General Kartevitch does not mention the Pu Lan Tien fight of which the authorities presume he would have heard had it occurred. His dispatch only covered events up to the preceding day.

General news from the southern part of Liao Tung peninsula is of the scantiest, and in the absence of official news, the officials here are not inclined to speculate as to the situation.

Up to a late hour to-night nothing further had been heard from Port Arthur.

The reports of continuous skirmishing along the line of railway south of Vafandien are taken to show that the Cossacks are keeping the Japanese busy protecting their rear. While heavy fighting is not regarded as being imminent a more or less severe brush with the enemy is likely at any time.

Reports from Kuroki.

GENERAL KUROKI'S HEADQUARTERS IN THE FIELD, June 12 (via Fusan, Corea.)—According to information here, the only hostilities now occurring at the front are daily encounters between outposts, resulting in the loss of a man or two every day. A few Russian prisoners are being brought into Japanese headquarters, but no Japanese are being captured. This is taken to show that the Japanese are getting the best of the encounters.

Chinese are giving trouble by cutting the telegraph wires nightly; they probably are in the pay of the Russians.

The work of keeping General Kuroki's army in supplies of all kinds continues to be performed with excellent results and is beyond criticism. The conduct of the Japanese soldiers is irreproachable and their spirits are high.

Hunting Jap Destroyers.

CHICAGO, June 13.—A special to the Daily News from Che Foo says:

According to the captain of one of the Japanese cruisers blockading Port Arthur, the Russian cruiser Novik has been out of the harbor on several occasions hunting Japanese destroyers. The captain thought that the obstructions at the mouth of the harbor prevented the exit of the larger Russian vessels.

According to the Japanese the Russians have three submarine boats which presumably have been put together at Port Arthur since the beginning of the war.

Rumors of a Sea Fight.

ST. PETERSBURG, June 13, 5:18 P. M.—The Russian consul at Che Foo reports the persistence of rumors there of a sea fight near Port Arthur. His report is on a line with previous reports to the effect that two Russian and four Japanese ships have been lost. The ultimate result of the fight is not stated. As there is no confirmation of the report from any other source the authorities express doubt as to its accuracy.

Conditions at Port Arthur.

NEW CHWANG, June 13, 6 A. M.—A Chinaman who was smuggled by the Japanese into Port Arthur to act as a spy and escaped from there several days ago, was arrested at New Chwang last night. He told a correspondent of the Associated Press that the Russians were working a large force of men day and night repairing the warships. They expect that the work will be completed in a fortnight. Four cruisers under Golden Hill, at the entrance to Port Arthur, have their guns trained landward, to assist in repulsing a land attack. The channel is partly cleared, but Admiral Togo's blockadge is effective.

The spy estimates the total strength of the Russian forces, including the sailors, at less than 30,000 men. There are many sick and wounded. There is food sufficient for two months. All the Chinese food stuff has been seized by the authorities.

The armored train on board of which are mounted guns landed from the Russian battleship Retvizan recently reached a point near the Japanese lines and opened fire. The Japanese replied and their shells badly damaged the train, though it managed to return to the Russian lines.

The stern of the sunken battleship Petropavlovsk is visible at low tide.

The Russians at Port Arthur are gloomy, though hoping that General Kuropatkin will send an army south to assist the garrison of Port Arthur.

Admiral Togo is stopping many native boats attempting to land food stuffs near Port Arthur. Forty-two junks from Che Foo have been sent to Tung Chou Foo.

A flour mill belonging to Chi Feng Tai, the richest Chinaman in Port Arthur, is grinding wheat brought from Seattle in a French ship which is still at Port Arthur.

An enormous amount of damage was done to the new town by the Japanese shells. The Russo Chinese bank is totally destroyed.

The coal supply at Port Arthur is low. It is estimated at only 2,400 tons of Cardiff and 8,000 tons of Japanese coal.

MISSISSIPPI'S CONVENTION

Indications That Delegates to St. Louis Will be Instructed for Parker.

By Telegraph to the Morning Star.

JACKSON, MISS., June 13.—Leaders of Wednesday's Democratic convention are beginning to gather to night for conference. Senator H. D. Money and John Sharp Williams, minority leader in Congress, arrived tonight. Senator Money made known when he arrived that he was opposed to instructing the delegates to St. Louis. The indications are, however, that the delegation will be instructed. With the proviso that in case of a deadlock it can go to another candidate if it is deemed advisable. Parker has within a few votes of enough for an instructed delegation to the national convention.

REVIVED IN KENTUCKY.

Negro Boy Whipped by Order of Court in Public at Lexington.

By Telegraph to the Morning Star.

LEXINGTON, KY., June 13.—Police Judge John J. Bliey, to day revived the old whipping regime when he sentenced Simon Scearce, a 15 year-old negro lad to be whipped in the public square. Scearce had struck a small white boy. The court decreed that the boy's mother take the negro to the public square and give him twenty lashes with a buggy-whip. The mother, in the presence of a large crowd administered the punishment as directed. This is the first time such an incident has been witnessed in Kentucky since the civil war.

MISSING MEN.

Disappearance of a Sentry and Two Deserters from Fort McPherson.

By Telegraph to the Morning Star.

ATLANTA, GA., June 13.—Sentry William C. Wells and two deserters, Ollie B. Tribble and James A. Southal, from the Sixteenth regiment of United States regulars, now stationed at Fort McPherson, are missing. It is believed at the post that the sentry was either murdered by the men he was guarding or was kidnapped by them. Searching parties composed of citizens and soldiers have been out during the day and to-night, but no trace of the men has been found.
